

Brainiacs Olympiad Quad Chart Template

(Applicable to All Project Categories)

Quadrant 1 – Research Question / Problem Statement

- State the main question, problem, or objective addressed.
- Explain its significance (local, national, or global).
- Include one image or diagram if relevant.

Quadrant 2 – Methodology / Project Design

- Briefly summarize your project design or approach.
- Describe materials, tools, or software used.
- Outline the main steps or procedures followed.

Quadrant 3 – Data Analysis & Results

- Summarize main findings or achievements.
- Use visuals such as graphs or tables if possible.
- Highlight key patterns, relationships, or improvements.

Quadrant 4 – Interpretation & Conclusions

- Explain what your results mean and their implications.
- Mention challenges, limitations, and future improvements.
- Suggest real-world applications or next steps.

Submission Guidelines

- The quad chart must be one page (A4 size).
- Save and upload as PDF via the Brainiacs Olympiad online system.
- All text must be in English.
- Keep layout clear, concise, and visually balanced.
- Use high-quality images and readable fonts.
- Submission is optional but highly recommended
